## EMPLOYMENT HISTORY

### Senior software developer

#### Cedcross technologies pvt ltd

Aug 2020 - May 2024 | Lucknow

- Streamlined marketplace operations with a cross-platform solution for Shopify, Etsy, Fruugo, & OnBuy resulting in heightened efficiency.
- Crafted user-centric applications with adaptive, fluid interfaces.
- Integrated systems using REST APIs & Shopify Bulk Operation GraphQL.
- Optimized and debugged code to improve application performance.
- Collaborated on solutions with project stakeholders.
- Maintained source version control using Git in an Agile environment.
- Configured and utilized AWS cloud services like SQS for managing extensive product listings and developed with AWS Lambda for event-driven architecture.
- Committed to continual enhancement via user feedback analysis.

## PROJECTS

### E-commerce Marketplace Integration Platform

#### Cedcross Technologies Pvt Ltd

Aug 2020 - May 2024 | Lucknow

Led the development of a marketplace integration platform aimed at automating processes and enhancing user experience across Shopify, Etsy, Fruugo, and OnBuy marketplaces. Responsibilities included designing and implementing responsive web applications using HTML, CSS, JavaScript, and backend technologies like PHP (YII). Integrated REST APIs and GraphQL queries for seamless data synchronization and collaborated closely with stakeholders to ensure solutions met specific requirements. Utilized Agile methodologies for iterative development, version control with Git, and continuous improvement based on user feedback.

## Extra Curricular Activities

### Captain of High School Badminton Team

Led the team to victory in the Kanpur District Championship, demonstrating leadership, teamwork, and strategic planning skills.

### National Badminton Tournaments Representative

Competed at national level tournaments, honing competitive skills and representing my school on a larger stage.
